Marc,

Just a quick update regarding data stuff.

We (myself but mostly general dynamics) helped R8 and R6 with some scattered support issues yesterday.

-creating and modifying scribe.net subscriptions

-increased their cloud hosting resources

-developed custom scribe query

Deliberative Process/Ex. 5

If there are any significant updates I'll let you know.

I had a 30 minute call with the data team tonight.

Data coordination between region 8, 6 and 9 is a high priority.
